CORPORATE CAPABILITY PROFILE 2026

## CEO MESSAGE

At **ELECSOL**, our mission is to empower industries with innovative engineering solutions that enhance productivity, ensure compliance, optimize resources, and promote sustainability.

With a strong foundation of technical expertise, international certifications, and industry partnerships, we deliver integrated solutions—from consultancy and inspection to energy management and industrial transformation.

Our commitment is to build long-term relationships based on trust, performance, and mutual growth. Together with our clients and partners, we create value that drives a better, more sustainable future.

I welcome you to partner with **ELECSOL** Engineering Services for solutions that make a real difference.

Khawar Ali

**Khawar Ali**
Founder & CEO
**ELECSOL** Engineering Services

## MY ACCOMPLISHMENTS & CERTIFICATIONS

**ISO 50001**
Lead Auditor

**PMP®**
Project Management Professional

**CEM®**
Certified Energy Manager

**Master Trainer**
by UNIDO

## CONSULTANT & ADVISOR

**Consultant**
Gujranwala Chamber of Commerce and Industry (GCCI)

**Consultant**
Pakistan Electric Fan Manufacturers Association (PEFMA)

CLIENT FOCUSED SOLUTIONS | OPERATIONAL EXCELLENCE | QUALITY & COMPLIANCE | SUSTAINABILITY DRIVEN | INNOVATION & CONTINUOUS IMPROVEMENT | INTEGRITY & TRANSPARENCY

CORPORATE CAPABILITY PROFILE 2026

## ABOUT ELECSOL

**ELECSOL** Engineering Services is a multi-disciplinary engineering consultancy and solutions provider committed to delivering excellence across industries.

We combine engineering knowledge, industry experience, and innovative thinking to provide customized solutions in engineering consultancy, inspection, manufacturing excellence, compliance, energy management, and industrial transformation.

Our team of qualified professionals works closely with clients and partners to solve complex challenges, improve efficiency, ensure compliance, and build sustainable, future-ready businesses.

## WHO WE ARE

- A team of experienced engineers, auditors, consultants, and technical experts.
- Committed to quality, integrity, and continuous improvement.
- Serving industries locally and internationally with trusted solutions.
- Driven by innovation, compliance, and sustainability.

## WHAT WE DO

### ENGINEERING CONSULTANCY
Design, feasibility, studies and technical solutions.

### INSPECTION & TESTING
Third-party inspection, testing and certification.

### MANUFACTURING EXCELLENCE
Process optimization, lean manufacturing and productivity improvement.

### COMPLIANCE & CERTIFICATION
Export compliance, international standards and regulatory support.

### SUSTAINABILITY & ENERGY SOLUTIONS
Energy management, renewable energy and environmental solutions.

### INDUSTRIAL TRANSFORMATION
Digital solutions, automation and modern engineering technologies.

## OUR CORE VALUES

**INTEGRITY**
We conduct business with honesty and transparency.

**EXCELLENCE**
We are committed to delivering the highest quality.

**TEAMWORK**
We believe in collaboration and shared success.

**INNOVATION**
We embrace new ideas and creative solutions to drive progress.

**SUSTAINABILITY**
We protect resources and create value for future generations.

ENGINEERING SERVICES

Infinite Solutions • Trusted Engineering

CORPORATE CAPABILITY PROFILE

2026

## OUR SERVICES

**ELECSOL** Engineering Services delivers integrated solutions that help organizations improve performance, ensure compliance, optimize resources, and achieve sustainable growth across industries.

### ENGINEERING CONSULTANCY

End-to-end engineering solutions from feasibility studies, design, and planning to implementation and optimization.

### INSPECTION & TESTING

Independent inspection, testing & quality assurance services to ensure safety, reliability and compliance with international standards.

### MANUFACTURING PROCESS EXCELLENCE

Process improvement, lean solutions, and operational excellence to enhance productivity and reduce costs.

### EXPORT COMPLIANCE & CERTIFICATION

Support for product certifications, regulatory compliance, and export readiness to global markets.

### SUSTAINABILITY & ENVIRONMENT

Sustainable engineering solutions for energy efficiency, waste management, water conservation, and environmental compliance.

## OUR COMPETITIVE EDGE

- Multidisciplinary Expertise
- International Standards & Best Practices
- Qualified & Certified Professionals
- Innovative & Practical Solutions
- Commitment to Quality & Safety
- Cost-Effective & Efficient Approach
- Integrity, Transparency & Accountability
- Long-Term Partnerships & Client Success

## INDUSTRIES WE SERVE

- MANUFACTURING INDUSTRIES
- ENERGY & UTILITIES
- ENGINEERING & CONSTRUCTION
- EXPORT ORIENTED INDUSTRIES
- ENVIRONMENT & SUSTAINABILITY
- COMPLIANCE & CERTIFICATION

CORPORATE CAPABILITY PROFILE 2026

## WHY CHOOSE ELECSOL?

### EXPERT TEAM
Experienced professionals delivering innovative and practical engineering solutions.

### CUSTOMIZED SOLUTIONS
Tailored solutions designed to meet unique business challenges and goals.

### QUALITY & SAFETY
Committed to the highest standards of quality, safety, and compliance.

### COST & EFFICIENCY
Solutions that optimize resources, reduce costs, and improve performance.

### GLOBAL STANDARDS
Aligned with international standards and best engineering practices.

### LONG TERM PARTNERSHIP
Building lasting relationships based on trust and mutual success.

**500+** Projects Completed Successfully

**15+** Years of Combined Experience

Multidisciplinary Expertise

Commitment to Quality & Safety

Cost-Effective & Efficient Approach

## OUR PROCESS

**01 ASSESS**
We analyze your needs, challenges, and existing processes.

**02 PLAN**
We develop tailored strategies and engineering solutions.

**03 DESIGN**
Our experts design efficient, safe, and scalable systems.

**04 IMPLEMENT**
We execute with precision ensuring quality and minimal disruption.

**05 VERIFY**
We inspect, test, and validate to ensure compliance and reliability.

**06 DELIVER VALUE**
We help you achieve sustainable growth and operational excellence.

## CERTIFICATIONS & STANDARDS

- ISO 9001:2015 Quality Management
- ISO 14001:2015 Environmental Management
- ISO 45001:2018 Occupational Health & Safety
- ISO 50001:2018 Energy Management
- ASME — Setting the Standard
- NFPA International
- API — American Petroleum Institute
- IEC — International Electrotechnical Commission

**OUR COMMITMENT**

We are committed to delivering engineering excellence, ensuring compliance, protecting the environment, and creating long-term value for our clients, partners, and communities.

CORPORATE CAPABILITY PROFILE 2026

OUR SERVICE

## ENGINEERING CONSULTANCY

**Expert Solutions. Smarter Decisions. Better Outcomes.**

We provide independent, practical and result-oriented engineering consultancy services that help organizations optimize performance, reduce costs and achieve operational excellence.

### OUR ENGINEERING CONSULTANCY SERVICES

**ENGINEERING AUDITS**
Comprehensive audits to evaluate systems, processes and performance.

**UTILITY & ENERGY AUDITS**
Identify energy inefficiencies and recommend practical cost-saving solutions.

**TECHNICAL ADVISORY**
Expert guidance for process improvement, troubleshooting and decision making.

**DUE DILIGENCE**
Detailed technical assessment for projects, investments and asset evaluation.

**FEASIBILITY STUDIES**
Data-driven feasibility and conceptual studies to support smart investments.

**PROJECT SUPPORT**
End-to-end engineering support from concept to commissioning.

### OUR APPROACH

**ANALYZE**
We study your systems, challenges and objectives.

**DESIGN**
We develop practical, efficient and innovative solutions.

**IMPLEMENT**
We support execution with precision and technical expertise.

**IMPROVE**
We ensure continuous improvement and long-term value.

### WHY PARTNER WITH ELECSOL?

- Experienced Engineering Professionals
- Practical & Cost-Effective Solutions
- Industry Best Practices & Standards
- Client-Focused & Result Oriented
- Timely Delivery & Reliable Support
- Long-Term Partnerships & Trust

### OUR IMPACT IN NUMBERS

- **10+** Years of Excellence
- **15+** Years of Combined Experience
- **30+** Satisfied Clients Across Industries
- **10+** Industries Served
- **10+** Projects Successfully Completed

# ELECSOL

ENGINEERING SERVICES

CORPORATE CAPABILITY PROFILE 2026

## INSPECTION, TESTING & CERTIFICATION

**Assured Quality. Verified Performance. Complete Confidence.**

We deliver independent inspection, testing and certification services that ensure compliance with international standards, buyer requirements and regulatory frameworks.

### OUR INSPECTION & TESTING SERVICES

**FACTORY INSPECTION**
Pre-shipment and in-process inspection to ensure quality, conformity and reliability.

**WITNESS TESTING**
Third-party witnessing of tests and trials at manufacturing facilities.

**PRODUCT TESTING**
Mechanical, electrical and performance testing as per national/international standards.

**VENDOR ASSESSMENT**
Evaluate vendor capabilities, process controls and quality management systems.

**THIRD-PARTY INSPECTION**
Independent verification for buyer confidence and regulatory compliance.

**CERTIFICATION SUPPORT**
Support for product certification and documentation as per required standards.

### STANDARDS & CODES WE WORK WITH

**INTERNATIONAL STANDARDS**
IEC, ISO, ASTM, EN, BS, ASME

**INDUSTRY CODES**
API, ASME, NFPA, ANSI

**MANAGEMENT SYSTEMS**
ISO 9001, ISO 14001, ISO 45001, ISO 50001

**BUYER & REGULATORY COMPLIANCE**
Adidas, Local & International Regulatory Requirements

### WHY CHOOSE ELECSOL?

**EXPERIENCED PROFESSIONALS**
Qualified engineers and inspectors with extensive industry experience.

**INDEPENDENT & IMPARTIAL**
Unbiased inspection to ensure transparency and trust.

**ACCURATE & RELIABLE**
Advanced tools and proven methodologies for precise results.

**TIMELY & EFFICIENT**
Quick turnaround without compromising on quality.

**COMPREHENSIVE REPORTING**
Detailed reports with clear findings and recommendations.

**CLIENT FOCUSED APPROACH**
Solutions tailored to meet client expectations and requirements.

### OUR IMPACT IN NUMBERS

**15+** Years of Experience

**10+** Industries Served

**1000+** Inspections Completed

**500+** Testing Projects Executed

**20+** Countries Coverage

> We ensure your products and processes meet the highest standards—so you can deliver quality with confidence.

Let's build **trust** through **quality** and **compliance**.

CORPORATE CAPABILITY PROFILE 2026

# SUSTAINABILITY & ENERGY MANAGEMENT

## Building a Sustainable Future with Smarter Energy Solutions.

We help organizations reduce energy consumption, improve resource efficiency and achieve their sustainability goals through innovative and practical solutions.

## OUR SUSTAINABILITY & ENERGY SOLUTIONS

### ENERGY AUDITS
Detailed energy assessment to identify savings opportunities and improve energy performance.

### ISO 50001 IMPLEMENTATION
End-to-end support for Energy Management System implementation and certification.

### UTILITY OPTIMIZATION
Optimize utilities systems (steam, compressed air, water, electricity) to reduce operational costs.

### WATER MANAGEMENT
Water audits, conservation strategies and wastewater treatment solutions.

### CARBON FOOTPRINT & EMISSION CONTROL
Assess, monitor and reduce environmental impact and greenhouse gas emissions.

### RENEWABLE ENERGY SOLUTIONS
Solar energy, energy storage and hybrid solutions for sustainable operations.

### OPERATIONAL EXCELLENCE
Improve equipment efficiency, reduce losses and enhance overall plant performance.

### MONITORING & REPORTING
Real-time monitoring, analytics and reporting for data-driven decisions.

## BUSINESS BENEFITS

- Lower energy & operational costs
- Improved resource efficiency
- Regulatory compliance & risk reduction
- Reduced carbon footprint
- Sustainable growth & long-term value

## SOLUTIONS FOR A SUSTAINABLE TOMORROW

ENERGY EFFICIENCY | WATER CONSERVATION | RENEWABLE ENERGY | ENVIRONMENTAL STEWARDSHIP

We combine engineering expertise with innovative solutions to help you **save today** and **sustain tomorrow**.

## TYPES OF CLIENTS WE SERVE

Textile & Apparel | Engineering & Fabrication | Electrical & Electronics | Automotive & Auto Parts | Chemical Industry | Building Materials | Packaging & Printing

## SAMPLE PROJECTS

- Energy Audit & ISO 50001 Implementation – Textile Unit
- Utility Optimization – Compressed Air System
- Solar PV System Feasibility & Implementation
- Water Audit & Effluent Treatment Optimization
- Steam System Efficiency Improvement

**10+** Years of Excellence

**15+** Industries Served

**Hundreds** of Projects Successfully Completed

**Millions** Saved in Energy & Operational Costs

**Sustainable** Solutions for a Better Tomorrow

"Sustainability is not just our commitment, it's the way we **engineer the future.**"

# ELECSOL

ENGINEERING SERVICES

Infinite Solutions • Trusted Engineering

CORPORATE CAPABILITY PROFILE 2026

## MANUFACTURING PROCESS EXCELLENCE

We partner with manufacturers to design smarter processes, eliminate waste, improve quality and drive operational excellence across the value chain.

### OUR CORE SOLUTIONS

**PROCESS OPTIMIZATION**
Streamline processes to improve efficiency, quality and output.

**LEAN MANUFACTURING**
Eliminate waste, optimize workflows and enhance operational performance.

**PRODUCTIVITY IMPROVEMENT**
Improve productivity through data-driven insights and best practices.

**OEE IMPROVEMENT**
Maximize Overall Equipment Effectiveness and reduce production losses.

**SIX SIGMA & QUALITY**
Implement Six Sigma methodologies to achieve consistent quality.

**DIGITAL SOLUTIONS**
Leverage automation and digital tools for smart manufacturing.

### THE BENEFITS

- Higher efficiency and productivity
- Reduced operating costs
- Improved quality and consistency
- Reduced downtime and lead time
- Sustainable growth and competitiveness

### OUR PROVEN PROCESS

**01 ASSESS**
Analyze current processes, data and performance to identify gaps.

**02 ANALYZE**
Identify root causes and improvement opportunities.

**03 DESIGN**
Develop tailor-made solutions and future state processs.

**04 IMPLEMENT**
Execute improvements with hands-on support and training.

**05 MONITOR**
Track performance using KPIs and digital dashboards.

**06 IMPROVE**
Drive continuous improvement for sustainable results.

### INDUSTRIES WE SERVE

Textile & Apparel | Engineering & Fabrication | Electrical & Electronics | Automotive Components | Home Appliances | Chemical Industry | Building Materials | Packaging & Printing

"We combine engineering expertise with process excellence to help manufacturers achieve more with less—every day.

Your Partner in Building Smarter, Leaner, Stronger Operations.

## OUR VALUE ADD

We deliver engineering solutions that create value, drive performance and build a sustainable future.

**PERFORMANCE DRIVEN**
We focus on measurable outcomes that enhance efficiency and productivity.

**COST OPTIMIZATION**
Smart solutions that reduce costs and deliver maximum return on investment.

**SUSTAINABLE SOLUTIONS**
Environmentally responsible engineering for a cleaner and greener tomorrow.

**CLIENT COLLABORATION**
We work closely with clients as a trusted partner in every step.

**QUALITY & RELIABILITY**
Committed to quality, reliability and long-term performance.

**INNOVATION & IMPROVEMENT**
Continuous improvement through innovation, technology and best practices.

## BUILDING A BETTER TOMORROW

We are committed to engineering excellence that empowers industries, protects the environment and contributes to a sustainable and prosperous future.

PEOPLE | PLANET | PERFORMANCE | PROGRESS

## OUR CORE STRENGTHS

- Experienced Professionals
- Robust Processes & Methodologies
- Commitment to Quality & Safety
- International Standards & Compliance
- Ethics, Integrity & Transparency
- Continuous Improvement & Innovation

## OUR PRESENCE

Serving clients locally and globally with a commitment to quality, safety and sustainability.

## LET'S CONNECT

Let's collaborate to engineer solutions that drive progress and create lasting impact.
